COAL MINERS OBEY MANDATE OF LEADERS

Refuse To Return To Their Work.

UNTIL WAGE SCALE IS SIGNED

A Great Many Foreign Miners Are Returning to Their Homes in Europe to Await Devolpments—Interest Shifts to New York.

Philadelphia, April 3.—Reports received Monday from the anthracite coal fields state that the order from the miners' scale committee, directing that mining be suspended until an agreement is reached with the operators is being obeyed almost to the man. In all three districts preparations were made by the operators for a resumption of work Monday morning. Whistles were blown at the regular hour and everything was in readiness for the men to go to work, but there was no response by the miners and the day took on a holiday aspect. The firemen, engineers and pump men who are not affected by the suspension order, reported as usual, but is was apparent that the scores of empty coal cars which had been hurried to the collieries Sunday would not be needed unless an agreement was reached by President Mitchell and the coal presidents in their conference to be held in New York Tuesday.

That a great many miners believe that a strike is imminent and that there will be a bitter struggle between the workman and their employers was evidenced by the departure Sunday and Monday of a score of miners from the Schuylkill region. A great many of these men are foreigners who will go to their homes in Europe and there await the outcome of the pending strife.

In the Lackawanna district there is a feeling among the more conservative miners that an agreement will be reached at the New York conference, but others are less hopeful and are prepared for a long siege.

The only colliery in the Luzone-Wyoming district which attempted to work Monday as far as has been reported, was the Hazleton shaft of the Lehigh Valley company. Coal which had been loosened last week was run through the breaks for about an hour after which the men left the shaft and returned to their homes. At many of the collieries in this district the tools were taken from the mines, thus indicating that no effort would be immediately made to resume mining.

Quiet prevails throughout the three districts and as long as the men remain away from the mines no disorder is anticipated.

Interest Shifts to New York.

New York, April 3.—The Herald says that interest in the anthracite end of the coal strike will shift to New York tomorrow morning when the joint sub-committee of operators and miners will reassemble here in another effort to find a basis of settlement for the disputes in the hard coal fields, and it is made more interesting by the report that the operators may seize the opportunity to break with Mitchell and declare for the open shop.

So far as the operators are concerned, they do not expect to come to any understanding satisfactory to Mitchell and his men.

"No proposals to make," is the operators' stand. They will simply listen to what Mitchell's committee may have to offer in the way of new demands or in modification of their former demands, and then it is believed they will again offer to renew for another three years the recent contract with the union. No one expects that Mitchell will think for a moment of accepting a renewal of the old contract.

The present strike may be seized on by the operators as an opportunity for a final effort to break the union up in the anthracite coal fields. Several of the operators are known to be enthusiastically in favor of establishing the open shop at any cost and have gone on record as favoring the open shop policy. It has been hinted within the last ten days in order to insure an open shop victory the operators are likely to offer an increase in the wages to such men as they desire, but upon the specification that they go to work as individuals and not as members of the Mine Workers of America.

Will Pay Demand.

Pomeroy, O., April 3.—There will be no coal miners' strike in the Pomeroy Bend district. The operators will pay the price demanded and will sign the scale this week.

DYER JAILED FOR ASSAULT.

Charged With Attempting to Assault Mrs. Will Cardwell.

Covington, Ga., April 3.—E. S. Dyer, foreman of a construction crew of the Western Union Telegraph company, has been arrested and lodged in jail here on the charge of attempting an assault upon the wife of Will Cardwell, a farmer residing near Mansfield. The offense is alleged to have been committed at the Cardwell home during the husband's absence several days ago.

When seen in jail Dyer stoutly protested his innocence, and expressed the belief that he would clear himself of the charge at the preliminary hearing.

Dyer is 26 years of age, and unmarried. His parents live in Springville, Ala., where his father is section foreman for the Alabama Great Southern railroad.

Several conflicting reports of the affair have been received from Mansfield.

Killed by Half-Brother.

Baxley, Ga., April 3.—Reports have just reached here of the killing of J. G. Sapp by his half-brother, John Miles, about 4 miles from this place. Sapp and Miles had some trouble about renting a house. They met and became involved in a dispute over the matter. It is said Sapp drew a knife and sarted toward Miles, whereupon Miles struck him with a fence rail, which resulted fatally for Sapp. Both parties were well known here. Miles is a well-known and prosperous turpentine operator. Both have wives and large families.

Ask Charter for New Banks.

Waycross, Ga., April 3.—Petitions for charters for two new banks in this city will probably be published this week. The parties who are back of each of the proposed new banks say that they are ready for organization and that meetings of subscribers will be held this week. The bank which is being organized by M. L. Moore and C. M. Sweat will probably begin with a paid-in capital of $100,000. The proposed bank of Mr. L. O. Benton, of Monticello, in this city, will probably start with a capital of $50,000.

Not Guilty of Murder Charge

Lavonia, Ga., April 3.—The case of the state against Mrs. Amanda Cobb went to the jury Saturday afternoon After deliberating an hour the jury returned a verdict of not guilty. Mrs. Cobb was accused of the murder of her husband, Professor W. H. Cobb, by shooting him through a window of their home, while he was standing in the yard. It was stated at the time that Professor Cobb was suspicious of the conduct of his wife and was watching the house.

White Woman Tries Suicide

Fitzgerald, Ga., April 3.—Negroes confined in the city jail here summoned a policeman and told him that the woman in the cell adjoining theirs was trying to kill herself. The would-be suicide, a white woman, was found hanging by the neck, and nearly dead, but she soon revived, and seemed to regret the attempt to end her life. She has been arrested several times lately, and has just finished serving a ten-day jail sentence.

Two Killed in Wreck.

Charlotte, N. C., April 3.—In a collision at the Broad river trestle, on the Southern railway, Fireman J. W. Leiper, of Greenville, S. C., and Brakeman J. A. Kane, of Danville, Va., were killed. Engineer O. L. Wooten, of Toccoa, Ga., was fatally injured. The accident was caused by six cars breaking from a train at Blacksburg, S. C., a distance of 4 miles from here, where the wild cars ran into a southbound f[illegible] train.

KILLING FOLLOWS FIGHT OVER BEER

One Man Slain And Five Others Badly Hurt.

REVOLVERS AND KNIVES USED

Finlanders Seized American During the Difficulty, and Threw Him into a Bonfire, Which They Had Built in the Woods.

Charleroi, Pa., April 3.—In a quarrel over kegs of beer in the woods at Twilight, a mining village near here Sunday one man was shot to death, two others were so badly wounded that they are thought to be fatally hurt, a fourth was slashed with a knife, a fifth was seriously burned about the face and hands and a sixth was seriously wounded by a bullet.

The dead man is Lewis Williams, 28 years old. The two wounded by bullets, and who are expected to die are J. S. and Oscar Schneider, brothers. The three others that were hurt are Joseph Younghilier, shot wound, Michael Solomon, cut, both Finlands, and David Anderson, an American, burned. William Hart, also an American, is alleged to have fired the bullet that killed Williams. Anderson, after his injuries had been dressed, was placed in the Charlenoi lockup.

The men went to the woods with kegs of beer and began a carousal. The trouble is said by Anderson to have started when the Americans tried to persuade the Findlanders, who had already furnished two kegs of beer, to go and get a third. The Finlanders refused, and the fight began.

It is alleged that Solomon and Youngbiller seized Anderson and threw him into the bonfire which the men had built. The other Americans rescued Anderson. Revolvers and knives were then used and Anderson says that Hart in trying to shoot the Finlanders fired at his own countrymen. Hart was the only man who escaped injury in the battle

The shots were heard by the police who went to the scene to investigate. They found Williams dying from a bullet wound in the back, while the two Schneiders, Youngbiller, Solomon and Anderson were lying on the ground. Williams was removed to the office of the coal company at Twilight, where he died in a short time. Physicians were summoned from Charlenoi to take care of the injured men. They ordered that the two Schneiders be removed at once to a hospital.

Youngbiller and Soloman were taken to their homes in Bellevernon, while Anderson, after his burns had been bandaged, was placed in the lockup here.

A posse is scouring the country for Hart.

Tennesseeans Will Dine.

New York, April 3—The annual dinner of the Tennessee Society of New York will be held Tuesday night at the Waldorf-Astoria. The dinner, it is announced, is to be a Tennessee dinner for Tennessee men where Tennesseans will talk Tennessee and live in an atmosphere of Tennessee memories from 7 o'clock until they are tired. United Sates Senator James B. Frazier, of Tennessee, Martin W. Littleton, Champ E. Andrews, Ralph, Holland and Edgar Bright Wilson are among the speakers announced. Dr. William Polk is president of the society and N. L. Havey, is secretary.

Aged Minister Dead.

Chicago, April 3.—A dispatch to the Tribune from Evansville, Ind., says: Dr. Samuel Murray, a well known Baptist minister died Sunday. It was the one-hundredth anniversary of his birth and he expected to celebrate the event by preaching the last sermon of his life. He had been in the ministry for seventy years.

Child Burns to Death.

Atlanta, April 3.—While playing in the fire in the grate in his mother's room, little Everett Calloway, the 1-year-old son of Mr. and Mrs. J. W. Calloway, of 15 Glenn street, was so badly burned Saturday morning that he died about 1 o'clock Sunday morning.

SPEAKER'S RACE IN ALABAMA.

Alabama Is Greatly Interested in the Contest.

Montgomery, Ala., April .—Now that several of the counties have nominated representatives to the legislature the prospective race for the speakership of the next house begins to loom up as a bidder for more than ordinary attention. Tyler Goodwyn, of Montgomery; Joseph J. Arnold, of Calhoun, and John Wallace, of Madison, are so far pretty well in the running, with A. D. Pitts, of Selma, feeling somewhat like it. However, the real interesting part of the situation is that possibly there will be a movement later on to get W. L. Martin, of Montgomery, in the fight, even if his county man, Mr. Goodwyn, is in already.

Mr. Martin made a very positive statement about his position on the race question during his campaign, writing in a general letter that he would be in favor of giving that power to the state desired by the interstate commission to meet the conditions as now seen by the president of the nation and the Comer following in the state. It is not known to what the Martin movement is attributed, except the possibility that he is to be regarded as a Comer man. Mr. Martin was formely attorney general of the state and codified the laws some years ago.

MILLIONS SPENT IN MEXICO.

Railroad Improvements Will Furnish Employment to Thousands.

Mexico City, April 3.—A general survey of the cost of railway extensions now under construction, changing the gauge on narrow gauge roads terminals at the port of Vera Cruz, etc., show approximate expenditures of more than sixty million dollars. There will be abundant employment for thousands of men for several years.

The railways entering this city are to have a union station which, with the new terminals, will probably cost ten million dollars. This improvement has been long contemplated.

Shortly after the opening of the Tehuantepec railway for through traffic from ocean to ocean the line will be made double track, making it the only double track road in the republic. The new harbors at Coatzacoicos, on the gulf of Mexico, and Salina Cruz, on the Pacific, will shorten the time for freight shipments to New York and San Francisco two to three days and shorten the time between Europe and the west coast considerable.

It is believed the double track can be made in eight months from the time of beginning.

Two Children Drowned.

Johnstown, Pa., April 3—Frank Keenan, aged two years, son of Contractor Jacob Keenan, while playing along the banks of Stony Creek river fell into the stream, which is about nine feet above low water mark. His brother James, aged 5, jumped into the river to save him, and both boys were drowned. A three-year-old son of a neighbor was the only witness, and he hurried to tell the parents. The body of the oldest boy has been recovered.

Two Hurt by Boiler Explosion.

Cleveland, O., April 3.—While a westbound Lake Shore freight train was speeding along near Amherst, O., Monday, the crown sheet of the locomotive exploded and blew the fireman and head brakeman out of the cab. They were badly scalded and otherwise injured and the fireman, A. C. Stage, of Toledo, will probably die. The train ran for a quarter of a mile before the engineer, who escaped injury, could stop it.

Twelve Condemned Men Shot.

Pietermaritzburg, Natal, April 3.—The twelve natives condemned to death for the murder of policemen during the rebellion in February against the collection of the poll tax, the postponement of whose execution led to a dispute bewteen the imperial and colonial governments, were shot Monday.

Bank Makes Assignment.

Peoria, Ill., April 3.—The private bank of Tels Smith at Pekin, Tazewell county, failed to open for business on Monday morning, having assigned to E. G. Albertson as trustee.

RVISING ARMY TO RUN CASTRO FROM LAIR

Scheme On Foot To Annihilate Dictator.

15,000 MEN FOR FILIBUSTER ARMY

Prominent and Wealthy Merchants of New York Backing Scheme Which is Being Worked from London and Paris as Well.

New York, [illegible] The World says that one of the largest merchants in New York said Sunday night that arrangements are being perfected here and in Paris and London for a revolution in Venezuela which will annihilate Castro and open up that country to American capital and enterprises.

"A number of rich New York merchants are said to be interested in the movement, which, the promoters declare, will involve the employment of 15,000 soldiers and the expenditure of $5,000,000 in the campaign. President Castro, if the plans do not go astray, is to be either expelled or destroyed, and a native Venezuelan statesman to be installed as his successor.

"In this connection it is said that Castro, anticipating a successful revolution against him sooner or later, has converted some of his alleged $40,000,000 fortune into cash and has sent it to America and France.

"Carlos B. Ferguerdo, Venezuelan consul in New York, said Sunday night at his home that he had heard such an expedition was being organized or promoted, but had been unable to learn anything definite about it. He said he understood shares in the scheme were being sold.

"'I would like to get hold of one of those shares,' he said. 'I will buy all that are offered.'

"The expedition is to set out shortly from Europe in three large steamships, that are already under contract. They are to carry about 5,000 volunteers, with the following quantities of arms and ammunition: Eight thousand Mauser rifles of the latest pattern, 24,000 rounds of cartridges, 500,000 shells, eight rapid fire guns, 8,000 army belts, 1,000 officers' swords, 1,000 officers' revolvers, 3,000 machetes and swords, together with other supplies."

Fund for Fair Started by Negroes.

Macon, Ga., April 3.—Macon negroes are so enthusiastic over the proposition to have a negro state fair association that they have agreed to take $2,000 worth of the stock to be issued. The object of the association is to make annual exhibits of the agricultural and other works done by the negroes of the state. The plan is to sell stock at $1 a share, and thus raise enough money to hold annual fairs or exhibits for participation by the negroes of Georgia.

Catching Thousands of Logs.

Beattyville, Ky., April 3—There is now a fourteen-foot rise here, and logs are passing at the rate of 5,000 per hour. The river is still rising, with indications of it reach 20 feet. The lumber companies are catching thousands of logs. Hundreds of men have been on the booms since last night, and the condition of the river is favorable for the safe landing of the logs. All mills will now resume operations after a protareted idleness.

Porter Dies of Injury.

Macon, Ga., April 3.—William Smith, the negro porter who was at one time reported dead as a result of the wreck on the Southern railway at Holton Saturday, but who rallied, lived until Sunday morning at 6 o'clock. Up to this time he is the only victim who died, and the impression among the surgeons is that all of the sufferers will recover. The debris has been removed and traffic is being handled as usual on the line.

Old Soldier Maltreated.

Mt. Vernon, O., April 3.—James McGinney, an old soldier of Mt. Vernon, was drugged and robbed of $30 by three unknown men. He was then thrown into a pool of water, and his recovery is doubtful.

They are to carry about 5,000 volunteers, with the following quantities of arms and ammunition: Eight thousand Mauser rifles of the latest pattern, 24,000 rounds of cartridges, 500,000 shells, eight rapid-fire guns, 8,000 army belts, 1,000 officers' swords, 1,000 officers' revolvers, 3,000 machetes and swords, together with other supplies."

Fund for Fair Started by Negroes.

Macon, Ga., April 3.—Macon negroes are so enthusiastic over the proposition to have a negro state fair association that they have agreed to take $2,000 worth of the stock to be issued. The object of the association is to make annual exhibits of the agricultural and other works done by the negroes of the state. The plan is to sell stock at $1 a share, and thus raise enough money to hold annual fairs or exhibits for participation by the negroes of Georgia.

Catching Thousands of Logs.

Beattyville, Ky., April 3.—There is now a fourteen-foot rise here, and logs are passing at the rate of 5,000 per hour. The river is still rising, with indications of it reach 20 feet. The lumber companies are catching thousands of logs. Hundreds of men have been on the booms since last night, and the condition of the river is favorable for the safe landing of the logs. All mills will now resume operations after a protracted idleness.

Porter Dies of Injury.

Macon, Ga., April 3.—William Smith, the negro porter who was at one time reported dead as a result of the wreck on the Southern railway at Holton Saturday, but who rallied, lived until Sunday morning at 6 o'clock. Up to this time he is the only victim who died, and the impression among the surgeons is that all of the sufferers will recover. The debris has been removed and traffic is being handled as usual on the line.

Old Soldier Maltreated.

Mt. Vernon, O., April 3.—James McGibney, an old soldier of Mt. Vernon, was drugged and robbed of $60 by three unknown men. He was then thrown into a pool of water, his recovery is doubtful.

THROUGH TRAINS NOW SURE THING

Schedule Will be Inaugurated on Sunday, April 15th.

GAINESVILLE AT LAST WON

After a Fight Which Has Lasted for Nearly Two Years, Officials at Last Saw the Advantage, and Will Concede to a Proper Demand.

Gainesville is at last to have a through schedule, which will permit passengers to leave the city for their various points of destination via the Atlantic Coast Line without being compelled to forego the discomfort of changing cars before they get beyond the boundary of the county.

Gainesville is a growing town; it is a healthy city, full of commercial and educational and religious vigor, but its more rapid growth has been retarded for the fact that the schedules into and out of the city have been very inadequate. While the location of the city, geographically, has been most favorable, it seems unfortunately that the location from a railroad standpoint has been against a favorable and convenient schedule. While we have enjoyed from fourteen to twenty trains per day, these trains were operated upon the branch principle, with only one train a day that might be considered a through train—that of the Seaboard Air Line from Cedar Key to Jacksonville. Parties for points south have been compelled to change cars from one to three times, and on some roads the service has been very poor as regards this particular point.

But the people of Gainesville now have an assurance that, on April 15, there will be a complete change in these arrangements. The trains between Jacksonville and St. Petersburg, which have always been operated via Palatka, will be run via Gainesville and Alachua, making a through train either way without change. This is authentic information, and is given out with the consent of people in authority.

It is understood, although not yet authentically announced, that a daily service will be inaugurated between Ocala and Jacksonville, via Gainesville and Alachua. This train will leave Ocala about 6:30 in the morning, reaching Gainesville at 8 and Jacksonville at 11 o'clock. Returning, the train will probably leave Jacksonville about 3 o'clock, arriving at Gainesville at 5 o'clock and Ocala at 7:30 p. m. This will be a fine arrangement, permitting the people from points south of Gainesville to visit this city and other points, spend the day and return to their respective homes at night.

While nothing definite is learned regarding the schedule between Rochelle and Palatka, it is believed, because it seems feasible and has been suggested, that the train now running between High Springs and Rochelle under Conductor Williams, will be commissioned in this service. This is not authentic, but it is believed that it is the arrangement.

The train between High Springs, Micanopy and Citra, it is surmised by those in authority, will be continued.

Under the new arrangement, that of the creation of the new Third district of the Atlantic Coast Line, this section will be transformed a great deal as concerns schedules, and the people are glad to see it. The Atlantic Coast Line passes through no more thickly populated or more prosperous section in Florida than the rich truck fields and turpentine and lumber establishments in this section, and a better service than the enterprises have been accustomed to, as far as schedules are concerned, is demanded.

Another advantageous feature of the new division has been the inauguration of a new fast freight schedule, which was inaugurated Monday between Jacksonville and Dunnellon, touching the lumber plants, naval stores farms and phosphate mines. These institutions have been placed at great disadvantage on account of delay in receiving cars, as well as the delay in holding ships at their docks at a great expense awaiting the arrival of freights. Under the new arrangement this schedule will deliver plenty of empty cars in good time, which may be loaded and returned promptly, saving in some instances thousands of dollars on a cargo.

Things are coming our way on this division, which, if carried out, promises to be one of the most profitable on the Florida territory of the Atlantic Coast Line.

A FINE ENTERTAINMENT.

Miss Clara Minter Wimberly in Dramatic and Dialect Readings.

Miss Clara Minter Wimberly, who is visiting her many friends in this city, has consented to give one of her pleasing entertainments at the High School Auditorium this evening, April 4, and it goes without saying that she will be given a large audience.

Miss Wimberly, who was instructor in elocution at East Florida Seminary for a year, won many admirers with her readings, her impersonations of characters "'fo' de wah" being true to life. She will be assisted by some of our best home talent in a musical program.

The entertainment will be under the auspices of the Daughters of Rebekah, and the regular price of admission will be 50 cents. Students of the school up to the tenth grade will be admitted free. All above that grade, 25 cents. Tickets on sale at Avera's and Vidal's.

NEW BANK FURNITURE.

First National Will Have One of Finest Places in Florida.

The elegant furniture which will be used by the First National Bank in its new quarters has been placed in position and makes a very handsome appearance. J. H. Eisenburg, an expert cabinet maker employed by the manufacturers, who came with the furniture to superintend placing it in position, has had quite a force at work. He completed the task Monday.

This furniture is of birch, with mahogany finish and genuine mahogany trimmings, with a base-board or wainscoating of handsome Georgia marble. In all, it is one of the handsomest settings in the State, and the bank officials have a right to feel proud.

The bank expects to occupy these quarters in a few days.

NEW TELEPHONE LINE.

Wm. Anderson Has Contract to Construct Line in Levy County.

Wm. Anderson, the electrician who is conducting a bicycle and electrical store on West Union street, has been awarded the contract for the construction of a private telephone line for T. W. Shands in Levy county.

T. W. Shands & Co. are extensive naval stores operators, and are running two places—one at Otter Creek, another about eleven miles distant in the country. It is the purpose of the firm to connect these two points by telephone, and Mr. Anderson proposes to begin work some time during the coming week.

Anderson Chief Clerk.

Theo. Anderson of Palatka, a popular conductor for many years on the Atlantic Coast Line, has been appointed chief clerk in the office of Superintendent Glass, and has already assumed his duties. Mr. Anderson is regarded as one of the most competent all-round railroad men in Florida, and the promotion was deserved from a long and faithful service. He has many friends throughout Florida who will congratulate him.

Mr. Gilmore of St. Petersburg has been appointed as stenographer and secretary to Superintendent Glass. He has also assumed his duties.

Arrest Leads to Fatal Fight.

Nagedoches, Tex., April 3—While attempting to effect an arrest at a negro dance, near the little town of Woden, this county, Deputy Sheriff Will Adlers was shot and mortally wounded, a man named Moody, deputized to assist him, was instantly killed and the negro, Dave Taylor, who ran the place and who shot Adlers, was killed by the wounded officer. The negro who shot Moody escaped.

AN ENJOYABLE EVENT.

Mr. and Mrs. Whitehead Celebrate Wooden Wedding—Personals.

Melrose, April 2—Mr. and Mrs. E. J. Whitehead, two of our most esteemed citizens, celebrated their wooden wedding at the Ladies' Hall on Friday evening, March 30. About a fortnight ago their friends received most unique invitations to this event, both envelope and letter-sheet being made of the finest satin-finished wood, the writing being in green ink.

About six o'clock on the auspicious evening the guests began to arrive, the bride and bridegroom receiving them, standing under a wedding bell made of an inverted bushel basket artistically decorated with bridal wreath branches, a large orange forming the clapper.

The hall was most appropriately decorated with long curls of pine shavings festooned all round the walls and hanging from the lamp brackets, etc. The twelve tables were covered with paper imitating wood and lighted up with candles and wooden candlesticks with the number of the table and the date 1901-1906 on them. All the plates were of wood, and nothing had been forgotten to carry out this wooden idea—even the bride had a necklace of shavings and the groom wore a shirt, collar and cuffs in imitation wood.

As soon as all the guests were seated Mrs. Pearsal struck up the wedding march, and simultaneously Mrs. J. A Remmel pulled a string attached to the wedding bell and showered the bridal couple with a profusion of flowers concealed in the bell.

A most delicious dinner was served and much enjoyed by all, after which Mr. Whitehead, presiding over a large tub filled with sawdust, invited the guests to come and fish out some pretty souvenirs of the occasion. All were of wood and tied with a ribbon marked "March 30, 1901-1906," and laughter of delight greeted each opening of the parcels fished out. When this amusing incident was over, pretty tally-cards representing two entwined hearts were distributed, and there commenced an animated game of pivot euchre. Three very choice prizes, all in wood, rewarded the highest scores.

Mr. and Mrs. Whitehead were the recipients of numerous pretty presents, one of them being a fine dressing table, the joint gift of the members of the Ladies' Literary and Debating Society, to their treasurer.

Notes.

BROOME FOR CITY ATTORNEY

The Former Two Experi..ced the Excitement, but Attorney Broome Went In Without Opposition—An Interesting Meeting.

The regular monthly meeting of the City Council on Monday evening was of unusual interest, since the election by that body of a fire department chief, a superintendent of waterworks and a city attorney were to be held, in connection with the other business.

The Council convened at 7:30 o'clock, the usual hour, with Chairman Broome and a full board present.

After the reading and approval of the minutes, the payment of a large number of bills was taken up. Aside from this and the election, there was little business of importance, being the regular routine.

The election of the chief and superintendent of waterworks proved quite interesting. Anticipating some excitement, quite a number of friends of all candidates assembled in the hall, each confident of the success of the man he championed.

A petition was presented asking the election of N. E. Benson, second assistant chief, to succeed E. A. O'Neill. The petition admitted that Chief O'Neill had made a good officer, but also cited the attention of the Council to the fact that Mr. Benson, in his official position as second assistant, had also proved himself popular and efficient. When the ballot was taken the result was in favor of retaining Chief O'Neill for another term.

For the position of superintendent of waterworks B. F. Miller, the present incumbent, and L. T. Roux, former superintendent, were nominated. The result was the re-election of Mr. Miller for another term of two years.

W. S. Broome was elected city attorney without opposition.

There being no further business, the Council adjourned.

DR. GOLDSTEIN,

..EYE SPECIALIST..

OF LOUISVILLE, KENTUCKY.

Many persons do not see as well as they should. Some see well but their eyes become tired. Others suffer with headache constantly or periodically, which medicine does not relieve, because the headache comes from eye strain, and the only remedy is a pair of glasses properly fitted by one who understands the eyes, their defects, and their relation to human ills.

WE EXAMINE YOUR EYES FREE OF CHARGE.

And when we examine them, we mean a thorough examination—as complete as can be had anywhere at any price. We explain to you what your trouble is. You get the benefit of our experience and knowledge free.

EYE STRAIN.

More headache and nervousness is caused by eye strain than all other causes combined. Good vision is absolutely no proof that the eyes are good. Many readers of this article can see perfectly, but they suffer from nervous ills of one kind or another and never think that the eyes are the cause of it all. They may have taken medicine without getting relief or may have suffered thinking there was no remedy.

PROPER GLASSES AND PROPER FRAMES.

It is great importance that glasses should be properly ground and centered and of the best quality. The frames must be fitted that they will hold the lenses in place so there will be no damage to the eye from lack of harmony between the center of the lenses and those of the eyes. Many otherwise good pieces of work have been a failure from this cause alone.

The best evidence that he has faith in the city, however, is the fact that he owns city property.

FAITHLESS PAIR NOW IN TROUBLE

Man and Woman Who Eloped Arrested in St. Petersburg.

DESERTION ON BOTH SIDES

The Man Who Alienated the Affections of a Preacher's Wife Here Said to Have a Wife in Jacksonville—A Story With a Limburger Tinge.

According to his own story, the Rev. H. P. Sauption, who has been writhing in domestic trouble for the past nine months because his wife eloped with another fellow, says he is at last revenged, because of the fact both the man who alienated the affections of his wife and the woman have been arrested, and are now in prison at St. Petersburg in default of a bond of $250 each, and will be arraigned at the next term of the criminal court for Hillsborough county.

The Rev. H. P. Sauption, who is well known here, relates the incidents which have caused him such heart pangs himself. He states that in June of the past year Henry Green, a plasterer by trade, arrived in this city from Jacksonville. He secured employment, and boarded at a house, the rear of which almost abutted his kitchen.

In a short time he was attracted by the sweet lulabies of Mrs. Sauption when she was preparing the morning meal, for her husband declares she was always jovial, and went about her duties in a light-hearted way.

But, while the husband was faithfully performing the early morning work about the yard, this rascal Green succeeded in attracting the attention of his wife, saying sweet things to her through the kitchen window from his own room. These little private tete-a-tetes soon ripened into more than passing friendship, and one bright morning when Rev. Sauption awoke the woman who had sworn to love and obey him, prepare his grub and wash his clothes, and flown.

Likewise had Henry Green.

Sauption at once realized the situation, and began a systematic search for the missing couple. It was an earnest, persistent search, which was finally rewarded by tracing the guilty pair to St. Petersburg, where they were arrested.

Sauption declares that Green has a wife in Jacksonville.

A woman who was asked why she didn't get a divorce from her husband who was disposed to beat her, said she was in favor of a fight to the finish.

The Tampa Northern and the Tampa and Jacksonville railways will make considerable activity in railroad matters this summer, and the terminals will be secured at once in Tampa.

The New Smyrna Breeze has entered upon its twentieth year and is a very bright and well-edited paper. It is located in a thriving part of the State and works hard for the best interests of that section.

The Kentucky Military School, which wintered at Eau Gallie, was so pleased with the winter in Florida that it will locate at West Palm Beach, St. Augustine, and several other places, next winter.

Dade county has come out with a strong endorsement for Justice Parkhill. Both Justices Parkhill and Whitfield seem to be satisfactory to the people of the State. The right men for the place as it were.

The insurance companies claim they had the right to use the money of the policy holders to save the country, when they had it in trust for their patrons. They were going to carry on the affairs of the government as a sideline, perhaps.

The latest scheme that some of the more "advanced" business men of New York have gone into is the furnishing of "ready-to-wear" revolutions for South American States. The latest is one to capture Castro and the possession of Venezuela.

SUSPICIOUS COAL STRIKE.

The coal miners' strike, so far as it affects the people for domestic uses, is of little account, and owing to the near approach of spring will cause but little suffering among the families who depend on it for warmth.

The Atlanta Journal, in speaking of the difficulty asks, "Is the coal strike on the square?"

No one doubts the sincerity of the miners. They are in the battle for more wages, recognition of their organization and better conditions for the toilers.

But the other end of the proposition is open to suspicion.

The coal owners want money. They are, perhaps, no more rapacious than business men in other lines. They persistently and steadily extract from the pockets of the public all that the traffic will bear. They have refused to reconcile themselves to the demands of the miners, knowing, as well the public knows, that every penny of increased cost of mining comes, not out of the pockets of the capitalists, but out of the pockets of the consumers.

For months the miners have been working digging a surplus. Thousands of tons are in the holds of lake vessels. Other thousands of tons are stored at mines, in river barges and in scores of other places. Nine million tons are stored near New York City.

Mild winter has lessened the domestic demand for coal, which has increased the surplus.

To the men who own the coal, a strike, even of short duration, will mean millions in increased profit. It will mean fat dividends at a time when the outgo is almost nothing. It will afford legitimate cause for forcing up prices.

True, there will be great hardship. In scores of lines men will be out of work, wretched, almost hopeless. There will be real suffering. But when has capital greed ever counted the cost in human ills, when there was money to be made?

It will take more evidence than has yet been produced to make the average student of conditions see in the great coal strike anything more than hunger for profits at the cost of much harm.

Factories which are dependent on coal for fuel will suffer, unless they have a large supply, to tide over the time until some action is taken to adjust matters, and there are many small concerns that may be obliged to close down, causing a deal of suffering throughout the land, simply to satisfy the avarice of the coal barons.

If the Government should take charge of the mines and keep them in operation, there would not be any serious objection raised among the people.

Abraham Lincoln's first speech on the tariff question was short and to the point. He said he did not pretend to be learned in political economy, but he thought that he knew enough to know that "when an American paid $20 for steel to an English manufacturer, America had the steel and England had the $20. But when he paid $20 for steel to an American manufacturer, America had both the steel and the $20." That was the sum and substance of the tariff question as he viewed it.

If you want to help yourself in your own city, don't let your money go to other places when you can help it. It is all right to send money to Japan to relieve her distress, but patronize your home dealer if you want to buy. The home merchant may not have exactly what you desire, but he can send and get it as cheap as you can. Don't go out of town when you can trade at home.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NOTHING DOING.

Like the poor, the question of good roads is always with us. It does look as though it was high time that some systematic work were started. We must have good roads to induce settlers on our farm lands.

Florida is not the only State that needs good roads, and we are sure that as a State we will average up with many of the older ones. But that does not help the matter. We want the roads so the lands can be occupied. The matter should be taken up by the State, and if we can bring people to the lands that can be worked without draining, why in the name of common sense don't we do it?

If the money used to make dredges were used on the roads of Alachua county we could open up lands that would produce both sugar and gold, as well as any in the State.

Our syrup is as fine as any in the State, made from cane grown in Alachua county, and there is no doubt but what we could produce the sugar if the factory for making it were established here.

The soil of Alachua county will produce anything that good soil is expected to produce, except good roads, and the people must make them. We have the rock, and all we want is the men to do the work.

If anyone hears of any improvements being made in the roads of the county, please send word to The Sun. We would like to record it.

The strike of the coal miners will not be of such long duration as some had anticipated, if the strikers are only given a chance to return to work. It looks now as though the trouble was only for the purpose of giving the coal dealers a chance to advance the price of coal just before warm weather opened up. Many operators are anxious to sign the scale, as they have contracts that they cannot afford to let drop for the sake of gratifying the other large operators who would not lose a cent if the miners were idle six months.

Jacksonville has two religious revivals at the present time.

PROPHET DOWIE REPUDIATED

Church, Wife and Son Pass Up Elijah the Second.

Chicago, April 3.—At a meeting of 5,000 adherents of the Christian Catholic church, at Zion City, of which John Alexander Dowie is the founder and first apostle, Dowie's authority was repudiated and Wilber Glenn Voliva, who, for some time has been conducting the affairs of the church, elected in his stead.

Mrs. Dowie also repudiated her husband, and their son, Gladstone Dowie, cast his lot with his mother and the leader, Voliva.

Most of the officials of the church were present at the meeting and many of them denounced Dowie, as having deceived the people and wasted their money in extravagance. The meeting refused to hold that he had knowingly erred and John G. Speicher, the former overseer and once second in command, who was recently deposed, pretemptorily declared Dowie to be insane. Mrs. Dowie in her address, also upheld that declaration. The casting off of the authority of John Alexander Dowie followed the receipt of an 800-word telegram from the first apostle, who is in Mexico, in which he preemptorily ordered the discharge of Deacon Alexander Grainger, financial manager of Zion, who has been most aggressive in an effort to place the affairs of the church on a secure foundation. Dowie also announced that a letter would follow in which other officials are named for deposition. A meeting of the Zion council of 12 followed immediately, and it was decided to place the affairs of the church before the members and settle the question of leadership.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. New York, April 3.—Former Senator David B. Hill, who went to Camden, S. C., early in the winter because his health was very poor, will return from the south in a few days. Friends of Mr. Hill who have seen him recently, said his health has improved greatly in the last few months. When he went south his condition was such as to worry his friends a great deal.

Carved Face of Antagonist.

Macon, Ga., April 3.—John Clark, negro, is in the city hospital suffering from a face carved up fearfully. He was taken up from Tennille field and his entire face has the appearance of a butcher shop. A razor was used by another negro named Will Gardener. The difficulty started over the affections of both for Clark's wife, and Gardener is at large.

Police Confiscate Paper.

St. Petersburg, April 3.—The edition of the Russ published Monday was confiscated by the police owing to the publication of a sacrilligious travesty of the lenten prayers, written by M. Amhitiatroff, the famous Feuilletonist, who was exiled to Siberia in 1902 owing to his publication of a pamphlet reflecting on the imperial family and who was subsequently amnestied. One line of the Lord's Prayer, supposed to be offered by the imperial family, was made to read: "Let the people pay our debts, but not as we pay our creditors."

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

Stray Bullet Kills Infant.

Chisholm, Minn., April 3.—The nine months old infant of Mr. and Mrs. Frank Bovet was shot dead Sunday morning as its mother held it in her arms in the kitchen of the Bovet home at the Glenn Mining location. A stray bullet shot by boys who were indulging in target practice half a mile away, entered the window and entered the child's skull, killing it instantly.

Devil's Island Torture

Is no worse than the terrible case of piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier of Regles, Ky. Heals all wounds, burns and sores like magic. 25c at all druggists.

Would Assassinate Royal Family.

Madrid, April 3, via frontier.—The Spanish authorities have discovered an anarchist's plot at Lebrija, twenty-nine miles from Seville, the notorious centre of the Black Hands, to assassinate the royal family during the visit of King Alfonso, the dowager queen and the sister of the king, the Infanta Maria Teresa, to Seville during Honly week. The censorship prevented the sending of details regarding the consiparcy.

Says He Was Swindled.

Cincinnati, Ohio, April 2.—Mr. William Schroder, 77 years old, and a former instructor at Notre Dame academy, declared to the police that he had, by false pretenses, been induced to deliver property in Missouri, Indiana, Michigan and Colorado, valued in the aggregate at $25,000, to Jas. Low and Aurelius Turpin, in exchange for worthless securities. The two men were arrested.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Attacked While Leaving Altar.

Cronstadt, April 3.—Father John Sergieff, better known as Father John of Cronstadt, was attacked in the cathedral here while descending from the altar to administer the sacrament. CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.
Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant,
JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.
H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (22d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.
H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.
Respectfully. THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May 15. If elected, being familiar with the duties of the office which I held through your suffrage for three terms, I promise you a faithful and efficient service, and will make monthly accounting to you by statement at my own expense. Respectfully,
R. B. PEELER.

To the Voters of Alachua County:

I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise a full obedience to the duties of this office, one of the most important in the gift of the people. Respectfully,
Trenton, Fla., March 13, 06. T. J. LOVE.

For Tax Assessor.

I desire to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have had in this position I can consistently promise to render satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve impartially,
WILLIS W. COLSON.

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county. JOHN C. McGREW.
March 10th, 1906.

For County Commissioner.

To the Voters of Alachua County:

My own inclinations, coupled with the wishes of my friends, induce me to become a candidate for County Commissioner. I am perfectly willing to be dealt with by the voters of this county in a way that my actions as once your commissioner I would merit. I ask the support of the voters, in the coming primary, pledging an improvement in office as your commissioner, because of my past experience, should I be elected. Ver. respectfully.
W. J. MATHEWS.

Trenton, Fla., March 14, 1906.

To the Democratic Voters of District No 2:

The undersigned hereby announces himself as a candidate for County Commissioner of District No. 2, and solicits the support of the voters of said district in the primary election May 15, promising if elected a faithful and conscientious duty. Respectfully,
JOHN E. BRYANT.
